Hallo Laserdisc- und DVD-Fans, liebe Filmfreunde!

Haben Sie sich schon **INGLOURIOUS BASTERDS** im Kino angeschaut? Nein? Sollten Sie aber! Denn der neue Tarantino scheint zu polarisieren. Und das nicht nur bei "normalen" Kinogängern, sondern ganz speziell auch in der Laser Hotline Redaktion. Das geht sogar so weit, dass sich unsere Kolumnistin Anna genötigt fühlte, ihre Kolumne mit einem offenen Brief an Herrn Tarantino zu füllen! Keine Frage – eine ins Englische übersetzte Fassung ihres Briefes wird in diesen Tagen auch auf Quentins Schreibtisch flattern. Schließlich soll der Ausnahme-regisseur wissen, dass nicht alle mit seinem neuesten Werk einverstanden sind. Auf der nächsten Seite darf Anna ihr Pulver verschießen. Ganz anders hingegen beurteilt unser Film-Blogger Wolfram Hannemann Tarantinos "Nazi-Western": hier werden beide Daumen ganz weit nach oben gehoben. Seine Kurzkritik zum Tarantino-Film (sowie vielen anderen neuen Filmen) finden Sie ab Seite 5. Wir hoffen, dass wir Ihnen zumindest jetzt mit diesen gegensätzlichen Meinungen richtig Lust darauf gemacht haben, den Gang ins Kino zu wagen und sich eine eigene Meinung zum Film zu bilden. Wie immer freuen wir uns über Feedback! Und um eventuellen Fragen gleich zuvorzukommen: es gibt noch keinen Termin für das DVD- und Blu-ray Release von **INGLOURIOUS BASTERDS**. Wenn aber schon Quentin Tarantino in unserem Newsletter gerügt und auch gelobt wird, dann sollten wir ihn wenigstens unseren

Lesern vorstellen. Und was wäre da besser geeignet als jenes Foto (siehe rechts), welches unsere Mitarbeiterin Rebecca Hanke für uns im Mai in der Festivalstadt Cannes geschossen hat? So cool...

Sollten Sie sich das Titelbild dieser Newsletter-Ausgabe noch nicht richtig angeschaut haben, dann blättern Sie ruhig noch einmal zurück. Denn das Double Feature, das Sie dort abgebildet sehen, wurde von unserer Redaktion zum Geheimtipp gekürt. Der zweiteilige Film **PUBLIC ENEMY NO. 1** (Achtung: nicht zu verwechseln mit dem aktuellen Johnny Depp Film **PUBLIC ENEMIES!**) ist allerbestes französisches Genre-Kino, das zu unrecht in deutschen Kinos ziemlich gefloppt ist. Der nach wahren Begebenheiten realisierte Film über den französischen Gangster Jacques Mesrine, der in den sechziger und siebziger Jahren für spektakuläre Schlagzeilen sorgte, ist ein absolutes Muss für Ihre Filmsammlung. Vincent Cassel in der Rolle des Bösewichts läuft in diesem Krimi zu absoluter Höchstform auf. Vier Stunden Spannung sind hier garantiert – und das in bester Bild- und Tonqualität. Blu-ray und DVD erscheinen zwar erst Ende November, doch Vorbestellungen sind bereist möglich.

Während Sie vermutlich noch beim "Durchscrollen" dieses Newsletters sind oder ihn gerade in Händen halten, sind wir schon längst dabei, unser Survival-Kit für das Fantasy Filmfest zusammenzupacken. Denn ab dem 2. September werden wir uns wie jedes Jahr wieder ganze Tage und Nächte um die Ohren schlagen, um für Sie mehr als 40 neue Produktionen aus

Nur echt mit Sonnenbrille: Quentin Tarantino beim Stelldichein während der Filmfestspiele in Cannes Mai 2009

den Bereichen Horror, Thriller und Science-Fiction zu begutachten. Den sich anschließenden Urlaub werden wir uns dann redlich verdient haben. Unser Geschäft bleibt vom 2. bis einschließlich 20. September geschlossen. Ab Montag, den 21. September 2009, werden wir dann wieder zu den gewohnten Zeiten Ihren Wünschen nachkommen.

Übrigens haben wir die aktuelle Newsletter-Ausgabe ganz bewusst um eine Woche nach hinten verschoben, um noch möglichst viele Neuerscheinungen hineinpacken zu können. Schließlich haben Sie während unserer Betriebsferien Zeit genug, alles genau zu studieren. Den nächsten Newsletter gibt's dann voraussichtlich in Kalenderwoche 39.

In diesem Sinne wünschen wir Ihnen noch einen schönen Rest-Sommer!

Ihr Laser Hotline Team

Inglorious Bastard – Ein offener Brief an Quentin Tarantino

Lieber Herr Tarantino,

Ich möchte Sie lieben. Wieso machen Sie es mir so schwer?

Sie können einer der aufregendsten Regisseure unserer Zeit sein. Sie haben mir die Mr. Orange-Aufmunterungstechnik geschenkt ("Don't pussy out on me now..."). Sie haben mich, den Fan der Filmzitate, mit einem wahren Füllhorn von Zitaten beglückt, als Sie "Pulp Fiction" kreierten, Ihren besten Film. Ich war sehr gespannt, als ich hörte, Sie würden einen Kriegsfilm machen. Ich bin in Deutschland aufgewachsen. Dort ist es unmöglich, sich der Nazi-Vergangenheitsbewältigung zu entziehen. Bis zu einem gewissen Punkt ist das auch gut so. Mein Großvater war ein 18-jähriger Soldat unter Hitler. Meine französische Familienseite aber ist jüdischer Abstammung. Wohin soll man da den Kopf wenden? Ehrlich gesagt: es ist mir mittlerweile egal. Ich habe es satt, das Tertium Imperium wiederkauen zu müssen. Ständig kommt ein neuer, sich ernstnehmender Film darüber in die Kinos. "Valkyrie" mit den ge-photoshoppten Tom-Cruise-Plakaten habe ich mir schon gar nicht mehr angetan. Herr Tarantino: Sie - der sich so gut in der Filmgeschichte auskennt- hätten für den Nazi-Film das tun können, was der Spaghetti-Western für den klassischen Western getan hat. Aber das haben Sie nicht.

Stattdessen habe ich Ihnen und den Weinstein-Brüdern Geld dafür bezahlt, zweieinhalb Stunden lang gefoltert zu werden. Ich bin ja manchmal schon gern ein bisschen pervers, aber alles hat Grenzen.

Als erstes lassen Sie mich kurz über Ihre Besetzung sprechen. Welcher Regisseur, der bei Sinnen ist, castet Diane Kruger (die deutsche Sienna Miller und das ist kein Kompliment!) und behauptet dann im Film, sie würde die Dietrich übertreffen? Mir fallen ad hoc mindestens ein halbes Dutzend anderer Schauspielerinnen ein, die es besser gemacht hätten. Und was ist Ihnen da mit Brad Pitt passiert? Sie haben ihn in das enge Korsett eines Südstaatenakzents gezwungen, aus dem er dann nicht mehr hinaus darf. Alles, was an Aldo Rayne lustig ist, ist der Akzent. Was er sagt, ist nur lustig, weil er es mit Akzent sagt. Wenn man ihm den nähme, bliebe nichts übrig. Das ist nicht genug für den Chef Ihrer Basterds.

Frage: Wenn die Hälfte Ihrer Hauptdarsteller eindimensional bleibt und keine der Figuren sich verändert, ist das gut oder schlecht? Genau: Das ist ungefähr so gut, wie wenn die Menschheit von Marsianern angegriffen wird und der Präsident verkündet "The people (...) still have 2 out of 3 branches of the government working for them and that ain't bad!" Da läuft dann etwas wirklich, wirklich schief.

Zur Wahl Ihres Bösewichtes, des genialen Christoph Waltz, möchte ich Ihnen herzlich gratulieren. Je besser der Bösewicht, desto besser die Guten. Das ist ein filmischer Leitsatz, den Sie nicht vergessen haben. Nur schade, dass die Guten diesmal so schlecht waren.

À propos die Guten: was ist da passiert? Im Trailer und auf den Plakaten wecken Sie eine Erwartungshaltung beim Zuschauer, die im Film nicht erfüllt wird. Stehe ich alleine mit der Vorstellung, dass ein Film, der sich "Inglourious Basterds" nennt (mich schmerzt es jedes Mal, wenn ich das tippen soll, Sie "cold-blooded murder(er) of the English tongue") eine Gruppe von Basterds enthalten sollte, denen man beim Nazi-Töten zuschauen kann? Herr Tarantino, Sie haben doch sicherlich "Die Sieben Samurai" mehr als einmal gesehen. Es sollte folglich für Sie ein Leichtes und eine Selbstverständlichkeit sein, einen Film zu schaffen, in dem für den Zuschauer zumindest Grundlegendes nachvollziehbar ist. Wie viele Basterds sind es? Wie heißen sie? Was macht sie einzigartig? Ich habe zwar den Spruch mit David O. Selznik verstanden, aber diese wichtigen Fragen kann ich immer noch nicht beantworten. Hinzu kommt, dass die Basterds nur eine Nebenrolle haben. Nochmals: Ihr Film heißt "Inglourious Basterds" (aua!). Dann verdienen diese Herren eine richtige Geschichte. Außerdem, Herr Tarantino, bin ich weiblichen Geschlechts. Wenn ich hart verdientes Geld - unter anderem - dafür ausbebe, um in Eli Roths Augen zu versinken und mich an seinen Muskeln zu ergötzen, dann erwarte ich, verdammt noch mal, Elis Augen und Muskeln. Mehr als zehn Sekunden am Stück! In Deutschland nennt man das, was Sie hier gemacht haben "irreführende Werbung". Ich könnte Sie dafür anzeigen.

Dennoch würde ich Sie für das spärliche Einsetzen von einem Paar Augen und Muskelpaketen nur einmal übers Knie legen und versohlen. Wofür Sie wirklich an Til Schweigers Stelle an den Holzbalken gebunden und ausgepeitscht gehören, ist Langeweile. . Ja, Herr Tarantino, ich habe mich gelangweilt. "Death Proof" war zwar schon sub-optimal, aber ich habe mich nicht gelangweilt. Im Gegenteil, wenn ich "Down in Mexico" höre, läuft mir immer noch ein sexy Schauer über den Rücken. Von Langeweile keine Spur. Doch in "Death Proof" hatten Sie noch richtige witzige Dialoge. In "Inglourious Basterds" (autsch!) ist es nur noch Gelaber. Und kein sehr inspiriertes Gelaber. Die Figuren reden und reden und reden und reden und reden. Wenn sie damit endlich fertig sind, reden sie noch ein bisschen mehr. Dann kracht es 30 Sekunden lang, lauter Tote liegen herum, Schnitt und weiter. Weiter reden. Das ist auf Dauer langweilig und zerstört jeglichen Rhythmus, den der Film entwickeln könnte. Dabei sind Sie eigentlich ein Meister des Filmrhythmus. Herr Tarantino, ich habe grundsätzlich nichts gegen das Reden. Ich bin eine Frau. Aber ich habe etwas gegen irrelevante, inkohärente und selbstverliebte Logorrhoe. All das legen Ihre Dialoge in "Basterds" zur Schau. Sie schreiben Dialoge nicht mehr, um Inhalte und Stimmungen zu transportieren, sondern Sie schreiben etwas, wovon sie glauben, es sei ein Tarantino-Dialog, den die Zuschauer so und nicht anders haben wollen. Das ist ein schlimmer Fall von "l'art pour l'art" – oder hier eher: "bullshit pour bullshit".

Von Ihnen, Herr Tarantino, erwarte ich mehr. Ich weigere mich auch, Sie aufzugeben. Ich sehe in Ihnen viel Potenzial, es beim nächsten Mal besser zu machen. Mit sich entwickelnden Figuren, ungezwungen schnittigen Dialogen, Rhythmus und vor allem eins: Liebe zum Film. Nicht Liebe für die eigene Person. Ich möchte Sie wieder lieben können. Ich möchte es wirklich. Aber diesmal haben Sie es mir unmöglich gemacht.

Mit herzlichen Grüßen

Anna Rudschies

Schwyzer Gschichtli

Es muss ja nicht immer total tiefschürfend sein...

DIE STANDESBEAMTIN – DREI SIND EINE ZUVIEL (1:1.85, D-SR)

Verleih: Schwarz-Weiss (Filmagentinnen)
Land/Jahr: Schweiz 2009
Regie: Micha Lewinsky
Darsteller: Dominique Jann, Marie Leuenberger, Oriana Schrage
Kinostart: 22.10.2009

Rahel, gut situiert mit Mann und Kind, arbeitet als Standesbeamtin. Als eines Tages plötzlich ihre Jugendliebe Ben wieder vor ihr steht und sie bittet, ihn und seine Zukünftige zu trauen, verliebt sie sich aufs Neue... Eine höchst sympathische Komödie mit einem dazu passenden sympathischen Cast und einer ausgesucht schönen Schweizer Location. Ich habe mich köstlich amüsiert und bin mir sicher, dass ich nicht der Einzige war.

Das Leben – ein Würfelspiel

Der erste Film heute fiel mangels Filmkopie leider aus und so ging's gleich mit Film Nummer 2 los...

DIE WELT IST GROSS UND RETTUNG LAUERT ÜBERALL (1:1.85, DD 5.1)

OT: Svetat e golyam i spasenie debne otvsiyake
Verleih: Arsenal
Land/Jahr: Deutschland, Bulgarien, Slowenien 2008
Regie: Stephan Komandarev
Darsteller: Carlo Ljubek, Miki Manojlovic, Ana Papadopulu
Kinostart: 01.10.2009

Als der junge Emigrant Alexander bei einem Autounfall in Deutschland nicht nur seine Eltern, sondern auch noch sein Gedächtnis verliert, holt ihn sein mit großer Leidenschaft Backgammon spielender Großvater zurück in die Heimat Bulgarien. Nach und nach kehrt Alex' Gedächtnis wieder zurück... Der Road-Trip der beiden Männer auf dem Tandem von Deutschland nach Bulgarien wird durch Rückblenden unterbrochen, welche die abenteuerliche und beschwerliche Flucht der dreiköpfigen Familie aus Bulgarien schildert. Teils schwerer, teils amüsanter Film, der insgesamt aber gefällt und uns zeigt, dass das Leben nicht viel mehr als ein Würfelspiel ist. Der Musikscore des Films erinnert stellenweise stark an die Musik aus CINE-MA PARADISO und AMELIE, mit der

vermutlich die Rohschnittfassung des Films unterlegt war.

Drei Brüder in drei D

Wollte man uns mit einem 76-Minüter noch kurzerhand das Wochenende versauen?

JONAS BROTHERS - DAS ULTIMATIVE 3D KONZERTERLEBNIS (1:1.85, 3D, 2k Digital, PCM 5.1)

OT: Jonas Brothers: The 3D Concert Experience
Verleih: Walt Disney
Land/Jahr: USA 2009
Regie: Bruce Hendricks
Darsteller: Joe Jonas, Nick Jonas, Kevin Jonas
Kinostart: 03.09.2009

Hier ist er also: der ultimative Teenhorror...ähhh...Teenfanfilm. Das Boy-Group-Phänomen "Jonas Brothers" gibt sich die dreidimensionale Ehre. Bunt zusammengewürfelt wird Konzert-Footage mit Backstage-Blödsinn präsentiert. Die weiblichen Teens dürfen sich die Seelen aus den dünnen Leibern schreiben beim Anblick ihrer Idole. Das Ganze dann noch in 3D – wenn das mal nicht die Mädels während den Screenings zum Kollabieren bringt! Extrem nervend empfand ich das deutsche Voice-Over. Das wird vermutlich auch dem einen oder anderen Fan den Film vermasseln, vermag man dadurch doch die Originalstimmen der Jonas-Brüder gar nicht richtig zu vernehmen. Schade auch, dass das deutsche Publikum auch wieder einmal keinen richtigen Tiefbass zu Gehör bekommt. Der hätte das saft- und kraftlose Geplärre der Burschen wenigstens voluminöser erscheinen lassen. But who cares...thank God, it's Friday...

Todeskandidaten

Ein schwerer und ein etwas leichter Stoff machen noch keinen perfekten Kinotag...

UNTER BAUERN – RETTER IN DER NACHT (1:1.85, DD 5.1)

Verleih: 3L
Land/Jahr: Deutschland, Frankreich 2009
Regie: Ludi Boeken
Darsteller: Veronica Ferres, Armin Rohde, Margarita Broich
Kinostart: 08.10.2009

Eine jüdische Familie findet während der letzten Kriegsjahre Unterschlupf bei Bauersfamilien in Deutschland. Der auf einer wahren Begebenheit beruhende Film leidet nicht an seinem brisanten Thema,

sondern vielmehr an der schlechten filmischen Umsetzung. Nicht nur die reisserisch eingesetzte Filmmusik stört hier, sondern auch der schlechte Ton, der die Dialoge teilweise unverständlich macht. So etwas reicht allenfalls fürs Fernsehen, hat aber im Kino nichts verloren.

WIE DAS LEBEN SO SPIELT (1:1.85, DD 5.1)

OT: Funny People
Verleih: Universal
Land/Jahr: USA 2009
Regie: Judd Apatow
Darsteller: Adam Sandler, Seth Rogen, Leslie Mann
Kinostart: 17.09.2009

Ein erfolgreicher Stand-Up-Comedian wird mit einer tödlichen Krankheit diagnostiziert. Um damit fertig zu werden, nimmt der Einzelgänger einen Nachwuchskünstler unter seine Fittiche. Die zwischen den beiden entstehende Freundschaft wird aber bald auf eine harte Probe gestellt... Warum Regisseur Judd Apatow genau 144 Minuten braucht, um seine Geschichte zu erzählen, bleibt rätselhaft. 90 Minuten hätte hierfür vollkommen ausgereicht und hätten den Film ganz sicher nach vorne gebracht. So wird der Zuschauer leider schon bald mit purer Langeweile versorgt. Immerhin gibt Adam Sandler in der Rolle des Todeskandidaten gemessen an seinen sonstigen überdrehten Figuren eine ganz manierliche Schauspielerleistung ab.

Blutiges Massaker und abenteuerliche Traumwelten

Der erste Film hat es zu meinem bisherigen Wochenfavoriten geschafft!

THE COVE – DIE BUCHT (1:1.85, DD 5.1)

OT: The Cove
Verleih: Drei-Freunde
Land/Jahr: USA 2009
Regie: Louie Psihoyos
Darsteller: Joe Chisholm, Mandy-Rae Cruikshank, Charles Hambleton, Ric O'Barry
Kinostart: 22.10.2009

"Wir wussten, dass wir diesen Film niemals auf legalem Weg machen konnten!" – diese spannungsproduzierenden Worte am Anfang des Dokumentarfilms weisen bereits den richtigen Weg. Wie bereits im grandiosen **MAN ON WIRE** praktiziert, so wird uns **THE COVE** als Doku-Thriller aufbereitet. Und nur so kann es funktionieren, denn andernfalls würde sich für diesen

Wolfram Hannemanns Film-Blog

hervorragenden Dokumentarfilm kein Publikum finden. Was Regisseur Louie Psihoyos und sein Fachberater Ric O'Barry hier präsentieren, ist nichts für schwache Nerven. Immerhin geht es um ein streng gehütetes Geheimnis, das Jahr um Jahr im idyllisch gelegenen japanischen Fischerörtchen Taiji stattfindet. Die Rede ist von einer grausigen Delphin-Abschlachtung in einer romantischen Bucht, bei der jedes Jahr 23.000 Delphine ihr Leben lassen – für blutigen Profit. Die Aufnahmen sind echt und unter höchster Gefahr entstanden. Und sie rütteln auf. Dem Film dürfte eine Oscar-Nominierung garantiert sein. Höchst sehenswert.

LIPPELS TRAUM (1:2.35, DD 5.1)

Verleih: Universum (Walt Disney)

Land/Jahr: Deutschland 2008

Regie: Lars Büchel

Darsteller: Karl Alexander Seidel, Anke Engelke, Moritz Bleibtreu

Kinostart: 08.10.2009

Als sein Vater für einige Zeit beruflich in die USA reisen muss, bekommt der kleine Phillip, genannt Lippel, eine Haushälterin vor die Nase gesetzt. Und die macht ihm das Leben zur Hölle. Lippel flüchtet sich in das Märchenbuch, das ihm sein Vater zum Abschied geschenkt hat. Realität und Traumwelt beginnen sich zu vermischen... Im Stil von **DIE UNENDLICHE GESCHICHTE** wird zwischen Lippels Traumbene und der Realität wild hin- und hergesprungen. Den Kindern bis 10 wird's sicher gefallen, die Erwachsenen werden weniger damit zufrieden sein und vielleicht das Fehlen einer gewissen Kontinuität beklagen. Nichtsdestotrotz bietet der Film schöne Bilder aus 1001 Nacht, unterlegt mit einer orchestralen Filmmusik.

Kindergartenrocker und subtiler Horror

War es gestern noch der erste Film, der mich vom Hocker gehauen hat, so war es heuer Film Nummer 2...

GANGS (1:1.85, DD 5.1)

Verleih: Walt Disney

Land/Jahr: Deutschland 2009

Regie: Rainer Matsutani

Darsteller: Jimi Blue Ochseneck, Aaron Hong Le, Wilson Gonzalez Ochseneck

Kinostart: 01.10.2009

Kaum aus dem Gefängnis entlassen bekommt Flo's großer Bruder Ärger mit einem Gangster, der eine Menge Geld von ihm haben will. Doch woher nehmen und nicht stehlen? Die beiden Brüder planen

zusammen mit ihrer Straßengang einen Raubüberfall. Zum allem Überflus verliebt sich Flo auch noch in ein Mädchen aus reichem Hause... Man nehme zwei Portionen Ochsenknecht und packe jedes nur erdenkliche Klischee hinzu – und fertig ist dieses Filmchen, das vermutlich nur die Kinderlein im Alter von sechs bis zehn Jahren unterhalten dürfte. Nach einer Moral wird hier nicht lange gefragt. Warum auch – stört doch nur. Intelligente Unterhaltung ist hierbei Lichtjahre entfernt.

DAS WEISSE BAND (1:1.85, 2K Digital, PCM 5.1)

Verleih: X Verleih (Warner)

Land/Jahr: Deutschland, Österreich, Frankreich, Italien 2009

Regie: Michael Haneke

Darsteller: Susanne Lothar, Christian Friedel, Burghart Klaußner

Kinostart: 15.10.2009

Kurz vor Beginn des Ersten Weltkrieges ereignen sich in einem kleinen Bauerndorf seltsame Dinge, die sich niemand erklären kann oder die niemand erklären will... In betörend schönen Schwarzweiß-Bildern, die atmosphärisch an Klassiker wie **DAS DORF DER VERDAMMTEN** erinnern, erzählt Michael Haneke seine Geschichte. Wie immer kommt sein Plot ganz ohne Filmmusik aus. Seine Bilder sprechen eine klare Sprache und doch bleibt vieles im Dunkel, ja wird sogar von der Kirche sprichwörtlich unter den Teppich gekehrt. Trotz seiner Lauflänge von fast zweieinhalb Stunden versteht es Haneke, seine Zuschauer zu fesseln. Das liegt insbesondere an der unterschwellig bedrohlichen Atmosphäre, die durch die Bilder und die Personen heraufbeschworen wird. Einmal mehr erweist sich der Regisseur als ein Meister subtilen Horrors. Der Gang ins Kino lohnt sich.

Gourmets und Türmlesbauer

Am letzten Tag dieser Pressewoche wurde es gleich doppelt lustig: es standen zwei Komödien parat.

JULIE & JULIA (1:1.85, DD 5.1)

OT: Julie & Julia

Verleih: Sony Pictures

Land/Jahr: USA 2009

Regie: Nora Ephron

Darsteller: Meryl Streep, Amy Adams, Stanley Tucci

Kinostart: 03.09.2009

Der auf zwei Zeitebenen spielende Film erzählt zum Einen die Geschichte der Julia

Child, die als Gattin des amerikanischen Botschafters nach dem Zweiten Weltkrieg in Paris die hohe Kunst der französischen Küche kennenlernt und zum Anderen die Geschichte der Julie Powell, die 2002 einen Blog im Internet startet und innerhalb eines Jahres alle Gerichte aus Julia Childs Kochbuch kochen möchte. Eine herrliche Komödie, die ganz besonders von Menschen goutiert werden wird, die das Kochen lieben! Eines ist ganz sicher: nach diesem Film wird Ihnen das Wasser im Munde zusammenlaufen. Meryl Streep läuft in der Rolle der Kochbuchautorin Julia Child zur Hochform auf und es dürfte eine Herausforderung sein, ihren Akzent sowie die extrem hohe Stimme einzudeutschen. Bon Appetit!

SUSOS TURM (1:1.85, DD 5.1)

OT: La Torre De Suso

Verleih: Arsenal

Land/Jahr: Spanien 2007

Regie: Tom Fernández

Darsteller: Javier Cámara, Gonzalo de Castro, Cesar Vea

Kinostart: 17.09.2009

Nachdem einer seiner Freunde durch einen Überschuss Drogen stirbt, kehrt Cundo nach zehn Jahren wieder in seine spanische Heimatstadt zurück, um zusammen mit drei weiteren Freunden dem Toten sein letztes Geleit zu geben. Die Konfrontation mit den alten Freunden und seinen Eltern lässt wieder alte Wunden aufbrechen. Doch dann beginnt Cundo damit, einen Turm für den toten Suso zu bauen... Wenn die vier Freunde am Ende des Films vom errichteten Turm auf die grandiose Landschaft hinabblicken, so beginnt für alle gemeinsam auch ein Perspektivwechsel im übertragene Sinn, der der Hoffnung Platz macht. Eine sehr schön inszenierte Komödie mit skurrilen, aber liebenswerten Charakteren, die mich irgendwie an **LANG LEBE NED DIVINE** erinnerte. Sehenswertes spanisches Kino.

Tarantinos Nazi-Western

Da der Stuttgarter Presse Tarantinos neuester Film aus unerfindlichen Gründen leider vorenthalten wurde, war eine kleine Dienstreise in die Schauburg nach Karlsruhe angesagt, um den Film wenigstens im Originalton zu hören...

INGLOURIOUS BASTERDS (1:2.35, DD 5.1)

Verleih: Universal

Land/Jahr: USA, Deutschland 2009

Regie: Quentin Tarantino

Wolfram Hannemanns Film-Blog

Darsteller: Brad Pitt, Mélanie Laurent,
Christoph Waltz
Kinostart: 20.08.2009

Im deutsch besetzten Frankreich macht eine Horde amerikanischer Söldner jüdischer Abstammung Jagd auf die bösen Nazis... Gleich vorweg: wer Tarantinos Film ernst nimmt, ist selber schuld! Vielmehr zeigt uns der amerikanische Hitzkopf, dass er mit jeder Pore seines Körpers Kino liebt. Was mit **KILL BILL** begann, setzt sich bei **INGLOURIOUS BASTERDS** fort. Hat er seinerzeit noch den B-Filmen aus der Martial-Arts-Ecke leidenschaftlich gefrönt und mit **DEATH PROOF** amerikanischen Trivialfilmen gehuldigt, so geht's jetzt daran, europäischen Schundfilmen die Ehre zu erweisen. Hier sind es vornehmlich Italo-Western und Söldnerfilme, von denen er sich zu diesem Nazi-Western inspirieren liess. Von der Musikauswahl (Achtung Filmmusikfreunde: das ist ein Fest für Euch!) bis hin zur exzellenten Kameraarbeit lässt Tarantino nie einen Zweifel daran, dass wir das alle schon einmal irgendwo gesehen oder gehört haben. Aber es macht richtig Spaß, dem Regisseur bei seiner eigenen Vergangenheitsbewältigung zuzuschauen. Dass er dabei auch brutal zur Sache geht, versteht sich von selbst. Und dass er am Ende seiner Geschichte gleich die Weltgeschichte umschreibt, verzeiht man ihm gerne. Denn Film ist in erster Linie nun einmal Traumwelt – was in diesem Falle eigentlich schade ist. Mein Tipp: den Film unbedingt in der mehrsprachigen Originalfassung anschauen. Es lohnt sich!

Das tollkühne Mädchen in seiner rasselnden Kiste

Ein pädagogisch wertvoller Kinderfilm sollte den Pressereigen der Woche einläuten.

DAS GROSSE RENNEN (1:1.85, DD 5.1)

OT: The Race

Verleih: farbfilm (Barnsteiner)

Land/Jahr: Deutschland, Irland 2009

Regie: André Nebe

Darsteller: Colm Meaney, Susan Lynch, Niamh McGirr

Kinostart: 22.10.2009

Die elfjährige Mary wird ständig in der Schule gehänselt, weil sie bei ihren Eltern auf dem Bauernhof mithelfen muss. Ihre größte Leidenschaft aber gilt dem Seifenkistenfahren. Als eines Tages ein großes Seifenkistenrennen angekündigt wird, sieht sie ihre Chance und fordert ihren größten Peiniger heraus... Ein Jugend-

film mit Hand und Fuß. Der vor dem Ruin stehende Bauernhof beispielsweise, der schließlich zum Zerwürfnis von Marys Eltern führt, würde in einem amerikanischen Film höchstwahrscheinlich gerettet werden und die fortgegangene Mutter wieder heimführen. Doch das Drehbuch von André Nebe Film orientiert sich erfreulicherweise am richtigen Leben. Es gibt hier also nicht nur ein Happy End, sondern gleichzeitig auch ein Sad End. Und genau das hebt den Film aus der Masse.

Meerschweinchen und Zeitreisen

Der Kinodienstag offenbarte sich mir heute mit zwei Komödien unterschiedlichen Charakters.

G-FORCE – AGENTEN MIT BISS

(1:2.35 + 1:1.85, 3D, 2k Digital, PCM 5.1)

OT: G-Force

Verleih: Walt Disney

Land/Jahr: USA 2009

Regie: Hoyt Yeatman

Darsteller: Will Arnett, Kelli Garner, Zach Galifianakis

Kinostart: 15.10.2009

In James Bond Manier retten drei Meer-schweinchen die Welt vor ihrem Untergang... Mit perfekter Technik präsentiert Produzent Jerry Bruckheimer eine Kombination aus Live-Action und Computer-animation, die viele Agentenfilme parodiert. Leider bleibt der im wörtlichen Sinn tierische Humor dabei zeitweise auf der Strecke. Fast scheint es, als ob die Technikverliebtheit der Filmemacher einem richtig gutes Drehbuch keinen Platz mehr liess. Die seichte Kost wird damit vermutlich nur den Kids bis 10 Jahren gefallen. Etwas verwirrt hat mich das Bildformat. Der Film wurde uns auf Anweisung des Filmverleihs auf der für kaschiertes Breitwand (1:1.85) vorgesehenen Leinwandfläche gezeigt, obgleich der Film überwiegend im 1:2.35-Format realisiert wurde. Viele Effekte jedoch waren auch noch deutlich in den schwarzen Balken am oberen

Wolfram Hannemanns Film-Blog

und unteren Bildrand zu sehen.

DIE FRAU DES ZEITREISENDEN

(1:2.35, DD 5.1)

OT: The Time Traveler's Wife

Verleih: Warner

Land/Jahr: USA 2009

Regie: Robert Schwentke

Darsteller: Rachel McAdams, Eric Bana,

Arliss Howard

Kinostart: 17.09.2009

Henry und Clare lieben sich. Dumm nur, dass Henry ein Zeitreisender ist, der keine Kontrolle über seine Reisen in die Zukunft und die Vergangenheit hat. So bleibt ihm nichts anders übrig, als Clare während unterschiedlicher Lebensabschnitte zu besuchen und sie teilweise mit sich selbst zu betrügen... Die unterschiedlichen Altersstufen von Henry und auch seiner Nachkömmlinge verwirren den Betrachter mitunter ziemlich, was die Romantik dieser Zeitreise-Love-Story etwas abschwächt. Insgesamt fehlt dem Film das Salz in der Suppe als dass er das Zeug zum Kassenshit hätte.

Zeitreise und Schwedenkrimi

Ganz zufrieden war ich mit den heutigen Filmen nicht, doch es gab schon sehr viel schlechtere Kost.

DIE TÜR (1:2.35, DD 5.1 EX)

Verleih: Senator

Land/Jahr: Deutschland 2009

Regie: Anno Saul

Darsteller: Mads Mikkelsen, Jessica

Schwarz, Thomas Thieme

Kinostart: 12.11.2009

Während er einem Seitensprung nachgeht, kommt Davids kleine Tochter einem Unfall ums Leben. Seine Welt gerät aus den Fugen, seine Ehe zerbricht. Fünf Jahre später gelangt David durch einen Tunnel wieder genau an jenen Tag zurück, an dem das Unglück geschah. In letzter Sekunde kann er dieses Mal seine Tochter retten, löst aber andere nicht minder tragische Ereignisse aus... Schon wieder dürfen wir durch die Zeit reisen! Anno Sauls Film wandelt irgendwo zwischen **TIMECRIMES** und **CORALINE** und verschließt sich auch vor Anklängen an **INVASION OF THE BODY SNATCHERS** nicht. Überhaupt wirkt sein Film nicht wie sein eigener, sondern mehr wie ein amerikanischer Film. Die noble Vorstadtgegend, das riesige Haus mit Atelier und Pool im Garten – das könnte direkt aus einem US-Film stammen. Störend ist hier nur der Nachbar, ein echter Ossi, der für unfreiwillige Komik sorgt. Die Bildgestaltung jedoch überzeugt insgesamt, wenn

auch die Tunnelszenen zu dunkel kopiert wurden. Der Regisseur hat Potenzial. Das sollte er uns mal in einem eigenen Film demonstrieren.

VERBLENDUNG (1:2.35, DD 5.1)

OT: Män som hatar kvinnor

Verleih: NFP (Warner)

Land/Jahr: Schweden 2009

Regie: Niels Arden Oplev

Darsteller: Noomi Rapace, Michael

Nyqvist, Sven-Bertil Taube

Kinostart: 01.10.2009

Ein pensionierter Industrieller heuert einen Journalisten an, um den vermeintlichen Mord seiner Nichte aufzuklären. Die ist schon seit 40 Jahren spurlos verschwunden und der gesamte Familienclan kommt als Täter in Frage. Dem Journalisten zu Hilfe kommt Lisbeth, ein sexy Goth Girl, das nicht nur weiß, wie man Computer hackt... Ein Schwedenkrimi, wie man ihn jeden Sonntag im ZDF sehen kann. Nur dieses Mal in CinemaScope. Das Ganze wirkt wie ein Vierteiler, der für Zwecke der Kinoauswertung auf zweieinhalb Stunden gekürzt wurde. Nicht alles erscheint logisch, so manches erweist sich als etwas hanebüchen. Inzest, Ritualmorde, Vergewaltigungen – alles ist vorhanden, eben die typischen Ingredienzien für Krimis aus dem Norden. Allerdings hat die Vergewaltigung von Lisbeth und ihre Rache an ihrem Peiniger im Film nichts verloren, da diese in keinem ersichtlichen Zusammenhang mit der Handlung stehen. Aber es kommen ja noch zwei Fortsetzungen, die dann alles erklären werden....sagt man.

Der Nichtstuer und der Wachmann

Ist das Leben mit 30 bereits vorbei und hat man als korpulenter und schüchterner Mann Chancen bei den Mädels? Mit diesen Fragen haben wir uns in den heutigen Screenings auseinandergesetzt...

MEIN HALBES LEBEN (1:1.85, DD 5.1)

Verleih: Movienet

Land/Jahr: Österreich, Deutschland 2008

Regie: Marko Doring

Darsteller: Marko Doring, Martin

Obermayr, Katharina Harrer

Kinostart: 08.10.2009

Da fragt sich ein in Berlin lebender Österreicher an seinem 30. Geburtstag, ob sein bisheriges Leben bereits der Höhepunkt war. Marko Doring ist mehr Nichtstuer als Macher und hängt den ganzen Tag einfach nur ab. Da hat er die Idee, daraus einen Dokumentarfilm zu machen. So macht er sich auf und besucht alle seinen früheren

Freunde und lässt diese offen vor der Kamera über Sinn und Unsinn der vergangenen dreißig Jahre diskutieren und philosophieren. Sozusagen als Bestandsaufnahme und gleichzeitig als Rechtfertigung für den Filmemacher, dass er bislang alles richtig gemacht hat in seinem Leben. Vielleicht macht ja Herr Doring mit 50 noch einen Fortsetzungsfilm...

GIGANTE (1:1.85, DD 5.1)

OT: Gigante

Verleih: Neue Visionen

Land/Jahr: Uruguay, Deutschland, Argentinien 2009

Regie: Adrián Biniez

Darsteller: Horacio Camandule, Leonor

Svarcas, Néstor Guzzini

Kinostart: 01.10.2009

In der Monotonie seiner Arbeitsumgebung lernt der schüchterne und übergewichtige Supermarkt-Wachmann Jara eine junge Frau aus der Putzkolonne kennen – allerdings nur auf dem Überwachungsbildschirm. Mehr und mehr beginnt er sich in sie zu verlieben und folgt ihr auf Schritt und Tritt... Eine Liebeskomödie, die ohne viel Worte mehr zu erzählen weiß als jede geschwätzige Love Story. In den Hauptrollen perfekt besetzt und stilvoll fotografiert.

Das starke Geschlecht?

Sind Männer nun wirklich das starke Geschlecht oder tun sie nur so? Nach dem heutigen Film gibt's darauf leider keine passende Antwort...

MÄNNERHERZEN (1:2.35, DD 5.1)

Verleih: Warner

Land/Jahr: Deutschland 2009

Regie: Simon Verhoeven

Darsteller: Florian David Fitz, Maxim

Mehmet, Til Schweiger

Kinostart: 08.10.2009

Ein Fitnessstudio ist der Dreh- und Angelpunkt in dieser Dramödie. Dort treffen die unterschiedlichsten Männertypen aufeinander. Jeder von ihnen steckt gerade irgendwie in einer bestimmten Phase von Beziehungsproblemen. Einige werden im Verlauf des Films gelöst, andere nicht... Der Film wirkt wie der gescheiterte Versuch, ein deutsches Pendant zur genialen britischen Komödie **TATSÄCHLICH LIEBE** zu erzeugen. Doch im Gegensatz zu den Briten gelingt es den deutschen Filmemachern nicht, die Balance zwischen Komödie und Drama ins Lot zu bekommen. Fazit: kann man schauen, muss es aber nicht.

First she finds her friend, Agrado, also a transvestite; through him she meets Rosa, a young nun bound for El Salvador, and by happenstance becomes the personal assistant of Huma Rojo, the actress her son admired. She helps Huma manage Nina, the co-star and Huma's lover, and she becomes Rosa's caretaker during a dicey pregnancy. Shirley MacLaine, Barbara Hershey, Rachel Blanchard, Kevin Sullivan, Kevin Sullivan

Anne Shirley (Barbara Hershey) now a successful, middle-aged writer has returned to Prince Edward Island. She agrees to write a play for a theatre producer in order to keep her busy - at least busy enough to not go out of her mind worrying about her son who has yet to return from the war. But a long-hidden secret in the form of a letter from her errant father, discovered under the floorboards at Green Gables, provides a distraction of its own. As Anne struggles to complete the play, she delves into long-buried memories, reliving the troubled years before she arrived as an orphan at the Green Gables farmhouse. During that time, Young Anne (Hannah Endicott-Douglas), is taken into the care of a wealthy matriarch, Amelia Thomas (Shirley MacLaine) and her daughter-in-law, Louisa (Rachel Blanchard), which changes her life forever. Black Adder I (Remastered)

Rowan Atkinson, Elspet Gray, Brian Blessed, Tim McInnerny, Tony Robinson, Robert East

Rowan Atkinson is deliciously twisted as the comic villain, Edmund Blackadder, in the premiere series of Britain's enormously popular comedy series. Set during the really dark part of the Dark Ages, it chronicles the wickedly funny misadventures of the terminally treacherous Edmund, Duke of Edinburgh, in the most gripping sitcom since 1380! From out of the swirling mists of the Dark Ages comes a lone horseman with a most ridiculous haircut, haunted by the ghost of Richard III. An orange-faced, kilt-clad Scotsman sends waves of shock through the court of England with his treachery, murder and Scottish dancing. The landscape is littered with dead Archbishops of Canterbury... and Edmund the Reluctant is next in line for this rather precarious position! When one of Europe's most eligible princesses is up for grabs, the scheming Edmund tries to lure her into his lascivious clutches. The King contracts a nasty case of the Black Death and blames it on witchcraft. Only the witchsmeller can sniff

out the hocus-pocus. Edmund hatches a hapless, hilarious plot to dethrone the king... with the help of the Seven Mo

Black Adder II (Remastered)

England 1558-1603. The nasty genes of the Blackadder dynasty bubble back to the surface as Lord Edmund swaggers around town with a big head and a small beard in search of grace and favor from the stark raving mad Queen Bess. Accompanied by a rabble of riff-raff, the dastardly Lord Blackadder tarnishes the reputation of England's Golden Age. Edmund is reasonably normal - until he meets Bob. Edmund's enthusiasm as the new Minister in charge of Religious Genocide and Lord High Executioner lands him in trouble. Blackadder sets out on a quest for new potatoes to boldly go where Sir Walter Raleigh has already gone before. Edmund is distressed when a baby-eating Bishop drops by and tries to place a red hot poker in places where a cotton swab would be kinder. An embarrassing incident with a turnip, an ostrich feather and a fanatically puritan aunt lead to a right royal to-do in the Blackadder household. When Edmund finds himself chest-high in iron spikes he has but one course of action - charades with a crazed Spanish interrogator.

Black Adder III (Remastered)

England 1768-1815. A golden age of wealth, power and discovery though not for Edmund Blackadder Esq. In a situation that can rightly be seen as something of a slump in the fortunes of the previously aristocratic Blackadder family, Edmund is now butler and gentleman's gentleman to the „mini-brained“ Prince Regent. Blackadder's attempts to interfere with the democratic process and save his master from bankruptcy don't go according to plan as Baldrick is accidentally elevated to the House of Lords. Blackadder is unimpressed with Dr. Johnson and his new dictionary until he learns of his enthusiasm for a certain „Gertrude Perkins“ novel. Francophilia is all the rage in England, so Blackadder's intense dislike for anything French seems somewhat out of date. But the lure of money can do strange things to a man's principles. The Prince of Wales hires two foppish actors to help him rehearse a speech, but Blackadder has other plans for the prissies. The Prince is dead broke and no self-respecting princess will marry him... until Blackadder devises a deliciously devious plan! Blackadder finds himself amid a due

Orders arrive and Blackadder breaches regulations by eating the messenger - who happens to be the General's closest boyhood friend. The Russian Revolution produces two appalling results - an offensive by Germany and a really offensive Charlie Chaplin impression by Baldrick. German machine guns in the front, British firing squads behind. It'll take a better man than Blackadder to escape this predicament. Downhill Racer: The Criterion Collection

Camilla Sparv, Gene Hackman, Robert Redford
Astonishing Alpine location photography and a young Robert Redford in one of his earliest starring roles are just two of the visual splendors of Michael Ritchie's visceral debut feature, Downhill Racer. In a beautifully understated performance, Redford is David Chappell, a ruthlessly ambitious skier competing with an underdog American team in Europe for Olympic gold, and Gene Hackman provides tough support as the coach who tries to temper the upstart's narcissistic drive for glory. With a subtle screenplay by acclaimed novelist James Salter, Downhill Racer is a vivid character portrait buoyed by breathtakingly fast and furious imagery that brings the viewer directly into the mind of the competitor.

Film Noir Collection I

In the 1940s, a new genre - film noir - emerged from the world of „hard - boiled“ pulp magazines, paperback thrillers and sensational crime movies. These films - tough and unsentimental - depicted a black-and-white universe at once brutal, erotic and morally ambiguous. Now, Sony Pictures and The Film Foundation have brought five noir classics together in one collection, all restored and remastered, and featuring brilliant performances by Glenn Ford, Lee Marvin, Kim Novak, Eli Wallach and Gloria Grahame, the genre-defining cinematography of Burnett Guffey, Hal Mohr and Lucien Ballard, and focused, taut direction by celebrated directors including Fritz Lang, Don Siegel and Phil Karlson.

One Tree Hill: The Complete Seasons 1 - 6

Moiria Kelly, Sophia Bush, Hilarie Burton, Barbara Alyn Woods, Bethany Joy Galeotti, Craig Sheffer, Barry Corbin, Chad Michael Murray, Paul Johansson, James Lafferty, Antwon Tanner
Tree Hill is a small town. Maybe too small for half-brothers Lucas and Nathan Scott, who share the same father but two very different lives. Nathan is the golden boy, Lucas the abandoned illegitimate son - and now both of them are on the same basketball team. Featuring all 22 Year-One Episodes, this Bonus-Packed Collection chronicles the heartbreak, challenges, lies, and loves that erupt from the fateful new relationship between Lucas (Chad Michael Murray) and Nathan (James Lafferty). Given their pasts, the boys would have a hard enough time working together. But add in the romantic complications engendered by three beautiful girls - plus the emotional turmoil created by adults who relive (and sometimes regret) their long-ago decisions - and lives are guaranteed to collide. Fathers and sons. Husbands and wives. Lovers and liars.. What a difference a school year makes. At first half-brothers Nathan and Lucas Scott were bitter rivals on and off the basketball court. Now they bond as brothers. But there's drama, trauma, devotion, betrayal, twists and turns to come. This DVD set containing all 22 Season Two

But the quest to become the ultimate player comes with necessary enhancements, namely a horse's member in place of the scholar's laughably small endowment. The Barber of Seville

For his first opera production, Dario Fo, the theatre director known for his brilliant wit, chose to stage Rossini's Il Barbiere di Siviglia sung in Italian for the Netherlands Opera. First mounted in 1987, it was a huge success and a live recording of its revival in May 1992, the 200th anniversary of Rossini's birth, has been made. Fo has said that - Rossini is the musician of eating and love. He composes music rich in herbs and aromas, in which you find olives, tomatoes, fish, grapes, roses and rosemary, sheets and tablecloths, dry wine and the laughter of girls. His Barber is a joyful carnival. During the overture he fills the stage with carnival revelers and immediately the commedia dell'arte origins of opera buffa are restored. Visual theatrics abound, never at the expense of the music, but highlighting it, engaging the eye as well as the ear. Fo addresses the heart more than the intellect and Rossini's comedy comes up dazzling and vital.

Donon Cherry's Multikulti

Don Cherry created an influential legacy by contrasting his Bebop Spiced Jazz with genres such as Free Jazz and World music. After rising to prominence performing Free Jazz with Ornette Coleman, Cherry's interest expanded beyond the gamut of American styles and into exotic musical structure and composition. His arrangements often juxtaposed instrumental experimentation with the solemn and ancient musical traditions of the ethnic lands he traveled. Cherry's Bebop-infused solos provided the controversial genre with a traditional Jazz sensibility, helping to maintain an enduring Jazz narrative. His individual blend of Bebop marinated in exotic musical structures and instruments emphasized artistic expression over technical prowess, and his vanguard sensibilities created a contemporary style and depth all his own. Vibrantly joyful, thoughtfully spiritual, and musically eccentric, Don Cherry fused the Ancient with the Modern and the Avant-Garde with the Traditional, cementing his legacy as a Jazz original and a forefather of the musical globalization known today as World Music.

Twin Spirits

Twin Spirits is a unique and intimate, live theatrical performance by a chamber ensemble of actors, singers and musicians, portraying the deep and ultimately tragic love between the composer Robert Schumann and his pianist wife Clara Wieck. In this intensely moving performance of words, song and music, the Schumanns' long separation, so formative an influence on their lives, is reflected in the division of the ensemble into male and female groups. Robert's letters to Clara are read by Sting and his songs sung by Simon Keenlyside, with accompaniments and instrumental music played by Iain Burnside and Sergej Krylov. Clara's letters to Robert are read by Trudie Styler and her songs sung by Rebecca Evans, with accompaniments and instrumental music played by Natalie Clein and Natasha Paresmski. The narrator, Derek Jacobi, links together the letters and lyrics to complete the essential outline of the story. Conceived and directed by John Caird, Twin Spirits was first performed in June 2005 at the Royal Opera House, Covent Garden, London and has since been experienced only at private performances for charity by

La Vierge

La Vierge. The oratorio is a recounting of the story of the Virgin Mary from the Annunciation to her death. In the first scene, Mary is visited by the Angel Gabriel and told that she will bear a son, Jesus. The second scene takes place at the Marriage of Cana where Jesus turns water to wine, and the third on Good Friday when Jesus is crucified. The fourth scene relates the Assumption, Mary's ascension to heaven. Although never popular as a whole, the orchestral piece Le Dernier sommeil de la Vierge (The last sleep of the Virgin) remains a popular encore piece to this day.

Earth's Black Hole

Explore with us the wonders and mysteries of the Black Holes in our universe. Is it possible that areas on earth might, in fact, show black hole like tendencies? We take a hard scientific look at an area known as the Bermuda Triangle to see if there are indeed any similarities between the supposed forces in the triangle and the destructive force of a black hole. From a research boat trip through the triangle to interviews with scientists at the US Geological Survey, Harvard University, and the UK's Cardiff University, we go far beyond the event horizon to explore the dangers in this area and what relation they might indeed have with its counterpoint in space.

Food Beware: The French Organic Revolution

Over 50 years have passed since Jacques Cousteau won world-wide acclaim and a Palme d'Or at Cannes for his film The Silent World - one of the few important environmental films to ever come out of France. If the preservation of the marine world was an invaluable cause, that of sustainable, safe food production and a healthy diet for our children is even more urgent. Now, from director Jean-Paul Jaud comes Food Beware: The French Organic Revolution. For the first time ever, our children are growing up less healthy than their parents. As the rate of cancer, infertility and other illnesses linked to environmental factors climbs ever upward each year, we must ask ourselves: why is this happening? Can a modern society feed itself without contaminating land and livestock? Food Beware. Featuring interviews with children, parents, teachers, health care workers, farmers, elected officials, scientists and researchers, we learn about the abuses of the food industry, the challenges and rewards of safe food production, and the practical solutions that we can all take part in. What can we do to save our children's

Godspeed To Jamestown

In 1607, the sailing ship Godspeed played an important yet largely overlooked role in American history. She was one of three ships that carried settlers to the Jamestown colony, the first permanent British settlement in North America. Then she disappeared from the pages of history. As part of The History Channel's SAVE OUR HISTORY initiative, Godspeed to Jamestown follows the construction of a full size replica of the three-masted ship. The Jamestown-Yorktown Foundation has commissioned the building of the new replica to help commemorate Jamestown's 400th anniversary. Host Steve Thomas guides viewers through the 18-month process, from the laying of the keel to her first days at sea, exploring the combination of old world craftsmanship and modern technology used to put the ship together.

Unique in the genre of exploration and adventure films, Ice People takes you on one of the earth's most seductive journeys — Antarctica. Emmy-winning documentary filmmaker Anne Aghion spent four months „on the ice“ with modern-day polar explorers, finding out what drives this dedicated pursuit of science, capturing the true experience of living and working in this extreme environment, and witnessing one of the most significant discoveries about climate change in recent Antarctic science. The most authentic film about life on the ice since the trailblazing expeditions chronicled nearly a century ago, Ice People conveys the vast beauty, the claustrophobia, the excitement and the stillness of an experience set to nature's rhythm.

Discover how essential space travel technologies have journeyed back to Earth with surprising and indispensable commercial applications. For example, paint that can withstand the heat of reentry now protects our steel-framed high-rises from collapsing in a fire. Batteries that can take a sports car from zero to 60 in four seconds also keep our satellites in orbit. The oxygen tank used by firefighters to save countless lives is just like the one used by our astronauts during the Apollo missions. These and many ordinary objects are traced back to their NASA roots, where they originally had the right stuff.

Monte Cassino

In the winter of 1943, an allied army of nearly 300,000 men invades Italy. Mussolini has surrendered, but Hitler and his feared paratroop regiments refuse to give up. At Monte Cassino, 60 miles south of Rome, the Allied forces under the command of General Harold Alexander come face to face with the fanatic defenders of Hitler's Third Reich. Will the sixth century monastery of Monte Cassino, now home to the Germans, become a casualty of war? Over the next six months more than a hundred thousand allied troops will be killed and wounded. Aerial reconnaissance photographs taken at the time have now been layered over a 3-D contour map to create a CGI „model“ of the battles. For the first time these original high-resolution images allow the viewer to track the battles from the air. Individual stories of courage and heroism can be placed in the exact location where they took place.

Mysteries Of The Garden Of Eden

The biblical Garden of Eden was taken away from man because of his sins. The Bible says Eden was located east of Israel where four rivers meet—The Tigris and Euphrates and the Pison and Gihon. The later two have long been considered

mythical; however recent satellite photography suggests these rivers did exist in Iraq. Another theory places Eden's location beneath the Black Sea. Do texts other than the Bible reinforce the idea of Eden? Both the Babylonian Epic of Gilgamesh and Ancient Greek texts speak of a paradise lost. Sift through the evidence to decode an age-old mystery about how paradise was lost, and where it might be found.

The Private Voice Of Hitler

Everyone knows the public archive footage of Hitler. But most of it is silent. What was he saying? What did he sound like when he was having a conversation rather than shouting his beliefs to his followers? Special computer technology enables us for the first time to lip-read the silent film. Using a unique sound recording of Hitler never previously broadcast, we can, put his words into his mouth. The result will add texture and depth to our understanding of a man about whom millions of words have been written—but whom we have never heard just talking. Footage includes film shot by Eva Braun, sequences filmed by Nazi cameramen, and a secret sound recording made in 1942 by radio engineer Thor Damen.

The Real Sorcerer's Stone

Today, the sorcerer's stone is seen as fiction off the pages of Harry Potter, but in the Middle Ages the quest for the sorcerer's stone was second only to that of the Holy Grail. The stone was actually said to have the power to transform base metals into gold and grant long life—even immortality. The ingredients were hidden in bizarrely coded manuscripts by alchemists who lived within their own secret society. The processes needed to combine them could be dangerous—even deadly. Today, we owe most of our modern lab equipment and experimental techniques to the efforts of these alchemists. Was their search for immortality really on sound scientific ground and did some, as is still rumored, actually succeed? Documentary, History Channel 50min.

The Russian Navy

In the late 1600's, Tsar Peter the Great created a modern

Russian navy virtually from scratch. Traditions grew through Russian Naval victories over the Swedes in 1721 and over the Turks in 1788—with the assistance of America's naval hero, John Paul Jones. In the 1960's and 70's, the forceful and innovative leadership of Admiral Sergi Gorshkov created a fleet that threatened the United States and nearly tipped the balance of power in the Cold War. Shot on location, with access to archival footage, we will explore the history of Russia's extraordinary warships and submarines, its remarkable leaders, and the tragic defeats and stunning victories that shaped the Russian Navy.
